

Our Environmental Charter

At Descartes & Mauss, we are committed to building a better world through innovative solutions, empowered teams, and steadfast values. This charter outlines our dedication to sustainability, engaging our partners and employees to embed environmental responsibility into everything we do.

Objectives

Fostering Green Work Practices

- ✓ Limiting in-office presence to a maximum of 2 days per week to reduce our carbon footprint.
- ✓ Operating from energy-efficient office spaces, such as Wework facilities.

Monitoring and Managing Cloud Emissions

- ✓ Leveraging cloud infrastructures (AWS and GCP) with strong carbon reduction initiatives.
- ✓ Prioritizing providers based on their commitments to lowering emissions.

Advancing Circular Economy Initiatives

- ✓ Enforcing a 100% IT recycling policy with our trusted IT support partner.
- ✓ Eliminating single-use plastics, such as bottles and glasses, from our office environment.

At Descartes & Mauss, sustainability is not just a responsibility —it is a driving force behind our mission to create a better tomorrow.
